Students in the M.A./Ph.D. program must first complete the requirements for the M.A. before continuing toward the doctorate. The time-to-degree for the M.A. is two years. Courses for the degree must be taken for a letter grade, and passed with a grade of B or better. All students must maintain a grade point average of at least 3.0.

FOREIGN LANGUAGE REQUIREMENT

Every student must demonstrate the ability to read at least one foreign language (related to the area of intended research) by the end of the third quarter of residency. The language requirement may be satisfied in one of the following ways:

1. Elementary Language Courses (UCSB): One year (three quarters) of an appropriate language with a grade of 'B' or better in the third quarter. Previous language courses taken before the student has been admitted to graduate standing at UCSB may not be counted as fulfilling this requirement, unless completed at UCSB not more than two years prior to enrollment in the graduate program. All exceptions will require the Graduate Advisor’s approval.

2. Language Courses for Graduate Students (UCSB): A grade of ‘B’ or better in French 11B or German 2G will satisfy the requirement in these languages.

3. Departmental Reading Exam: By request to the Graduate Advisor, the department will administer reading exams in French, Italian, German, Spanish, and other languages. Students will be asked to translate, with a dictionary, approximately two pages of art historical text to be completed in two hours. Exams will be graded pass/fail by at least two members of the Art History faculty.

4. Foreign Literature Course at UCSB: Pass an upper-division foreign language literature course with a ‘B’ or better.

5. A Bachelor of Arts Degree in a foreign language, i.e.: French, German, Spanish or other relevant language major.

6. A student’s native tongue, other than English, relevant to student’s research, is acceptable.

**THESIS REQUIREMENT**

All students are expected to write an original M.A. thesis. Required coursework must be completed by the end of the quarter in which the thesis is submitted. The student’s Master’s Committee supervises the thesis research, and makes a recommendation to the Graduate Committee regarding matriculation to the Ph.D.

Member: __________________________

**CONTINUATION TO THE Ph.D.**

Continuation to the Ph.D. is subject to the student’s academic performance being deemed excellent by all standards that the department uses to assess degree progress such as: exams, grades, coursework, and timely progress toward the degree. Students must demonstrate an ability to work independently and to make innovative and original contributions to the critical literature of the field.

Students must make a written request to the departmental Graduate Committee for matriculation to the PhD program. Two letters of support are required from departmental faculty who will supervise PhD research, one of whom will serve as the primary research advisor of record. Students who are unable to produce these letters of support will receive a terminal M.A. degree and will not be matriculated into the PhD program.
In rare instances, a student who decides not to continue in the program may request an M.A. by exam (Plan 2). In this case the student will be required to complete an additional 4.0 units of acceptable coursework (36.0 total) and pass a qualifying exam administered by the Graduate Advisor.
