MASTER OF ARTS – STATISTICS – APPLIED STATISTICS SPECIALIZATION – 2017-18 (Plan II)

In addition to departmental requirements, candidates for graduate degrees must fulfill University requirements described in the “Graduate Education” section of the UCSB General Catalog.

A total of 42.0 units are required for the M.A program. A minimum of 32 of the 42 units must come from graduate-level courses. The core courses must be passed with a grade of B or better, and the overall minimum GPA requirement is 3.0. The time-to-degree for the M.A. is two years.

GRADUATE LEVEL ELECTIVES (16.0 units total)

Graduate elective units should be chosen from graduate-level courses in the Statistics & Applied Probability (PSTAT) Department with the exception of PSTAT 500, 501, 502, & 510. A maximum of 6 units of PSTAT 596 may be applied toward the required units. Courses outside the department can only be accepted with prior approval from the Faculty Graduate Advisor.

REMAINING ELECTIVES (6.0 units total)

The remaining electives should be chosen from any upper-division or graduate-level courses in the Statistics & Applied Probability Department with the exception of PSTAT 109, PSTAT 120A-B-C, PSTAT 133A-B-C, PSTAT 182-T, and PSTAT 500, 501, 502 and 510. Courses outside the department can only be accepted with prior approval from the Faculty Graduate advisor.
All students are expected to take the Applied Statistics Qualifying Examination, which consists of an in-class examination and a Data Analysis Report. All students seeking the M.A. in Statistics with the Applied Statistics Specialization need to pass the Applied Statistics Qualifying Examination with at least a “M.A. Level” pass. Each student has two attempts to pass the exam.
