In addition to departmental requirements, candidates for graduate degrees must fulfill University requirements described in the “Graduate Education” section of the UCSB General Catalog.

Chemical Engineering only admits students to the doctoral program. Students interested in only pursuing an M.S. in Chemical Engineering will not be admitted to the graduate program. A total of **42.0 letter graded units** are required for the M.S. program, 24 of which must be in 200-level courses in Chemical Engineering (or related fields subject to department approval). All students are expected to maintain a GPA of at least 3.0.

### DEPARTMENT REQUIREMENTS (42.0 units total)
