MASTER OF SCIENCE – PLAN II– MATERIALS – 2020-21

In addition to departmental requirements, candidates for graduate degrees must fulfill University requirements described in the “Graduate Education” section of the UCSB General Catalog.

Students who are eligible to receive their Master's degree with the Plan II are terminal M.S. students, including those in the B.S./M.S. programs.

Students in this plan are required to (1) complete 42.0 units of coursework and (2) submit an engineering report:

1) 33 units of formal coursework of which a minimum of 27 units must be approved 200-289 level courses comprising of major sequence and elective courses (at most 6 units of approved advanced undergraduate courses not used already for credit toward a previous degree). In addition to formal coursework, 3-6 units of independent studies (MATRL 596) and 3 units of seminars (MATRL 290) are required.

2) The report based on independent studies must be approved by a committee of two faculty members, including the student’s advisor. At least one member of the committee must have majority appointment in Materials.

CAPSTONE REQUIREMENT

All students must submit an acceptable engineering report based on independent studies. The report must be approved by a committee of two faculty members, including the student's advisor. At least one committee member must have a majority appointment in Materials. Required coursework must be completed by the end of the quarter in which the report is submitted.

M.S. Committee:  
Chair: _____________________
Member: ___________________

Project Report Date (mm/dd/yy): ______________________________

M.S. DEGREE REQUIREMENTS SATISFIED: ____________________ Quarter/Year

DEPT GRADUATE ADVISOR SIGNATURE: ______________________________
